

### Courses offered in the FALL Semester 2021-2022

Course Code	Course Title
ARC1025	Environmental Studies - Site Planning, Landscape and Climatology
BAG2021	Environmental Studies and Disaster Management
BIT2019	Environmental Biotechnology
BIY1015	Environmental Health
BIY3002	Environmental Genetics
BIY5005	Environmental Biotechnology
BMG5014	Environmental Genetics
CHY1002	Environmental Sciences
CHY1003	Environmental Studies
CHY6019	Environmental and Industrial Analytical Chemistry
CLE1006	Environmental Engineering
CLE1013	Environmental Impact Assessment
MMA1007	Role of Media in Environmental Studies
TCHY140L	Environmental Studies
BDE3005	Sustainable Product Design
MEE2052	Sustainable Energy

### Courses offered in the WINTER Semester 2021-2022

Course Code	Course Title
BARC108L	Environmental Science for Architecture
BIT2019	Environmental Biotechnology
BIY3002	Environmental Genetics
BIY5005	Environmental Biotechnology
CHY1002	Environmental Sciences
CHY1003	Environmental Studies
CLE1006	Environmental Engineering
CLE1013	Environmental Impact Assessment
MMA1007	Role of Media in Environmental Studies
MSM5007	Environmental Microbiology
BAG1024	Introductory Agro - Meteorology and Climate Change
BAG2017	Farming System and Sustainable Agriculture
MDE6003	Sustainable Product Design

**UG Programme provided with a focus on Sustainability:**

**B. Tech. Mechanical Engineering (Electric Vehicles)**
