

About VIT

Vellore Institute of Technology (VIT) was founded in 1984 as Vellore Engineering College by the Honorable chancellor Dr. G. Viswanathan. The institution has grown steadily since its humble beginning. It was established with the aim of providing quality higher education on par with international standards. It persistently seeks and adopts innovative methods to improve the quality of higher education on a consistent basis. The campus has a cosmopolitan atmosphere with students from all corners of the globe. Experienced and learned teachers are strongly encouraged to nurture the students. The global standards set at VIT in the field of teaching and research spurs us on in our relentless pursuit of excellence. Memoranda of Understanding with various international universities are our major strength. They provide for an exchange of students and faculty and encourage joint research projects for the mutual benefit of these universities. Many of our students, who pursue their research projects in foreign universities, bring high quality to their work and esteem to India and have done us proud. With steady steps, we continue our march forward. We look forward to meeting you here at VIT.

About Department of Chemistry

Chemistry department comes under the School of Advanced Sciences (SAS), which was established in the year 1984. Department of Chemistry's vision is to provide quality teaching and research which would make an impact at a global level. The department consists of a total of 77 experienced and energetic faculty. Most of them are experts in their research fields, evident from their publications and research funding. The Department is recognized by DST-FIST to establish sophisticated instrumental facilities. It is also equipped with necessary instruments for research and also offers services to other institutions as well. After graduation, students are placed in reputed companies in India and abroad, and they have been securing admissions in India and abroad for their higher education. We offer 2 years MSc and 5 years integrated MSc program in Chemistry. Our MSc program (2 years) offers specialization in Analytical/Inorganic/Organic/General/Pharmaceutical Chemistry. Our MSc Chemistry program is Accredited by RSC, UK. The subject Chemistry in VIT is ranked within the top 13 in India and top 401-450 in the world as per QS World University Rankings by Subject 2021 and 14th place at National level with 4 STAR rating in QS World Ranking. In India, VIT has been ranked 15th among the top universities in Chemistry in Best Global Universities ranking by U.S. News & World Report.

About ICMES 2026

ICMES 2026 will provide an excellent platform to present and discuss cutting-edge research in organic and inorganic materials for energy and sustainability. The conference will feature scientific talks by distinguished international speakers from top 100 QS-ranked universities, along with lectures by eminent faculty from premier Indian institutions such as IISc, IITs, IISERs, and NITs-making it a key highlight of the event. Expert lectures, complemented by interactive sessions with scholars and students, will foster future growth and collaborative opportunities. In addition, participants will present their work through oral and poster sessions, with the best contributions will be recognized through exciting prizes.

Conference Themes

- Advanced Functional Materials
- Light-driven Reactions and Materials
- Energy Materials
- Nanomaterials
- MOFs & COFs
- Synthetic Organic Chemistry
- Total Synthesis
- Medicinal Chemistry
- Organometallics and Catalysis
- Bioinorganic and Bioorganic Chemistry
- Spectroscopy and Instrumentation
- Theoretical and Computational Chemistry
- Green and Sustainable Chemistry
- Environmental Remediation

Registration*

- Faculty/Scientist/Postdoc
- Students/Scholars
- Industry
- Foreign Participants
- (* excluding accommodation charges)
