

YEARLY STATUS REPORT - 2021-2022

Part A

Data of the Institution

Part A	
Data of the Institution	
1.Name of the Institution	Vellore Institute of Technology
• Name of the Head of the institution	Dr. Rambabu Kodali
• Designation	Vice Chancellor
• Does the institution function from its own campus?	Yes
• Phone no./Alternate phone no.	04162243091
• Mobile no	9994635826
• Registered e-mail	iis@vit.ac.in
• Alternate e-mail address	registrar@vit.ac.in
• City/Town	Vellore
• State/UT	Tamil Nadu
• Pin Code	632014
2.Institutional status	
• University	Deemed
• Type of Institution	Co-education
• Location	Semi-Urban
• Name of the IQAC Co-ordinator/Director	Dr. Kuppan P

• Phone no./Alternate phone no	04162202158
• Mobile	9443628085
• IQAC e-mail address	dqaa@vit.ac.in
• Alternate Email address	director.dqaa@vit.ac.in
3.Website address (Web link of the AQAR (Previous Academic Year))	https://vit.ac.in/files/AQAR/AQAR-2020-2021.pdf
4.Whether Academic Calendar prepared during the year?	Yes
• if yes, whether it is uploaded in the Institutional website Web link:	https://vit.ac.in/academics/home

5.Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	B+	77.9	2003	16/09/2003	15/09/2008
Cycle 2	A	3.25	2009	29/01/2009	30/01/2014
Cycle 3	A	3.42	2015	03/03/2015	30/08/2021
Cycle 4	A++	3.66	2021	31/08/2021	30/08/2028

6.Date of Establishment of IQAC

09/03/2007

7.Provide the list of Special Status conferred by Central/ State Government-UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.

Institution/ Department/Faculty	Scheme	Funding agency	Year of award with duration	Amount
Department of Physics	FIST	DST	2021 - 5 Years	15000000
Vellore Institute of Technology	PURSE	DST	2021- 4 Years	191576000

8.Whether composition of IQAC as per latest NAAC guidelines

Yes

- Upload latest notification of formation of IQAC

[View File](#)

9.No. of IQAC meetings held during the year	4	
<ul style="list-style-type: none"> The minutes of IQAC meeting and compliance to the decisions have been uploaded on the institutional website. (Please upload, minutes of meetings and action taken report) 	Yes	
<ul style="list-style-type: none"> (Please upload, minutes of meetings and action taken report) 	View File	
10.Whether IQAC received funding from any of the funding agency to support its activities during the year?	No	
<ul style="list-style-type: none"> If yes, mention the amount 		
11.Significant contributions made by IQAC during the current year (maximum five bullets)		
<p>1. NAAC IV cycle accreditation with highest Grade A++ 2. Participation in NIRF and ARIIA rankings 3. Organised seminars/workshops on Quality themes 4. Conducted External Academic and Administrative Audit 5. Online portal (IQAC Portal) for data collection from faculty members and academic units. 6. Preparation for NABL Accreditation of Laboratories. 7. Conducted VIT Quality Week to raise awareness on quality assurance, sustenance and enrichment initiatives.</p>		
12.Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year		

Plan of Action	Achievements/Outcomes
Conducting awareness programs on implementation of NEP 2020	Invited talks by eminent academicians on implementation of NEP 2020 were organised for the faculty members and academic leaders.
Training on digital skills and use of technology for "Blended Learning"	Through Academic Staff College of VIT training programmes were organised for the faculty members for effective use of digital skills and use of technology for blended learning.
Academic and Administrative Audit	External academic and administrative audit was conducted during 26th to 27th July 2021.
Environmental / Energy Audit	Annual Environmental /Energy audit was conducted.
To sensitize the schools to get quality (NABL) certification for all testing labs	In the initial phase, 9 laboratories have been identified for NABL accreditation and training programmes were organised.
Implementation of Outcome based Teaching-Learning	VIT follows Outcome Based Teaching-Learning. Training programmes were conducted for the HoDs on National Board Of Accreditation.
Preparation for ISO certification of VIT IQAC	IQAC is preparing the quality management handbook.
Quality Week	VIT Quality Week was organised at Chennai and Vellore campuses during 24th -31st January 2022 and 21st-25th Feb 2022 respectively. About 180 number of programmes were organised to create on awareness on various quality aspects among the stakeholders.

13. Whether the AQAR was placed before statutory body?	Yes				
<ul style="list-style-type: none"> Name of the statutory body 					
<table border="1"> <thead> <tr> <th>Name</th> <th>Date of meeting(s)</th> </tr> </thead> <tbody> <tr> <td>IQAC Meeting</td> <td>18/01/2023</td> </tr> </tbody> </table>		Name	Date of meeting(s)	IQAC Meeting	18/01/2023
Name	Date of meeting(s)				
IQAC Meeting	18/01/2023				
14. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to Assess the functioning?	Yes				
15. Whether institutional data submitted to AISHE					
<table border="1"> <thead> <tr> <th>Year</th> <th>Date of Submission</th> </tr> </thead> <tbody> <tr> <td>2021</td> <td>13/04/2022</td> </tr> </tbody> </table>		Year	Date of Submission	2021	13/04/2022
Year	Date of Submission				
2021	13/04/2022				
16. Multidisciplinary / interdisciplinary					
<p>The institution has made significant progress in implementing the vision of the National Education Policy, which is to deliver high quality education to develop human resources in our nation as global citizens. The core NEP principles, including variety for all curricula, pedagogy with technology advancements in teaching and learning, supporting rational decision-making & innovation and critical thinking and creativity, were discussed among the faculty members for implementation. In context of the NEP, the institution has launched new interdisciplinary centres that integrate many departments in addition to the inter/multidisciplinary research and academics that are already in place. Courses in the multidisciplinary and interdisciplinary fields have been added as open electives to academic programmes. Every programme is created to give students as much autonomy as possible when selecting open electives from other programmes.</p>					
17. Academic bank of credits (ABC):					
The institution has registered in the Academic Bank of Credits portal.					
18. Skill development:					
The laboratory components of the courses and the six required courses in soft skills directly contribute to the development of skills. Many courses were developed and offered to the students with					

an emphasis on employability, entrepreneurship, or skill development in the last five years. This is done in recognition of the necessity and importance of developing skills among students and producing a large amount of work-ready manpower. By integrating classroom-based formal education and training with experience-sharing from industry practitioners and internships in business establishments, university seeks to deliver high-quality vocational education. The goal is to create a new league of employable graduates, with an emphasis on integrated knowledge acquisition and improving human capability. In order to conform with the National Skills Qualification Framework (NSQF) of the Government of India and the requirements of Industry 4.0.

With the active involvement of the students, VIT established the Centre for Sustainable Rural Development and Research Studies (CSRDRS) to fulfil its social responsibility by delivering better and effective services for the development of its neighbouring community.

19.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

VIT offeres an opportunity to learn variety of Indian languages, including Tamil, Telugu, Malayalam, Kannada, Hindi, Bengali, and Marathi. To enhance the knowledge on the Indian Languages, VIT has a multitude of literary associations. Additionally, these associations host several activities on campus, including festivals, cultural events, writing and speaking contests, and competitions that cover many facets of the languages. Through these activities, the students are exposed to various cultural facets of India and its traditions.

VIT offers a course on Essence of Traditional Knowledge to all students through online mode.

20.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Vellore Institute of Technology has been following outcome based teaching learning process since the year 2007 and got its first set of programs accredited by ABET in 2010. All programs offered have a set of Program Outcomes (PO) which ensure the attainment of graduate attributes. The programs also have Program Specific Outcomes (PSO), which address the program specific requirements. At the course level, all courses of the program, have well-defined set of course outcomes. The course outcomes are formulated during the syllabus design stage and they address the higher order thinking capabilities.

The instruments used for evaluating the students' performance, including assignments, quizzes, individual questions of continuous assessment tests and final assessment tests are mapped to specific Course Outcomes. This enables the precise quantitative valuation of attainment of course outcomes based on students' performance.

The process of calculating the attainment of Course Outcomes has been automated to facilitate the faculty members and to improve the teaching-learning process.

21.Distance education/online education:

VIT has established an online learning platform (VITOL) equipped with world-class studio which was inaugurated in 2019, with an objective to provide MOOC courses with exceptional learning experience through cutting edge technologies.

VIT has obtained approval from UGC and AICTE for offering Online MBA and MCA programmes and Vocational skill development program.

Bachelor of Vocational (B.Voc) in Mechatronics, Tool Engineering courses are offered in Hybrid mode as per National Skill Qualification Framework (NSQF).

Extended Profile

1.Programme

Total expenditure excluding salary during the year (INR in lakhs)	
Part B	
CURRICULAR ASPECTS	
1.1 - Curriculum Design and Development	
1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which is reflected in Programme outcomes (POs), Programme Specific Outcomes(PSOs) and Course Outcomes(COs) of the Programmes offered by the University	
<p>The curriculum of all programmes is developed in accordance to the Programme Educational Objectives (PEO) and Programme Outcomes(PO).The process of developing the curriculum and the course content takes into consideration the feedback from different stakeholders, including academic and industrial experts, and ensures that it has relevance to the local, regional, national and global developmental needs</p> <p>Local and regional developmental needs</p>	

There are several courses in different programmes which enables students to analyse the local and regional needs and provide solution based on their engineering/science/management/law knowledge acquired. Substantial field work in the surrounding villages paves way for the analysis of physical and socioeconomic factors that influence the development and future growth of the city

National and global developmental needs

VIT has introduced several new programmes in the areas of Internet of Things, Data Science, Data Analytics, Cyber Security, Artificial Intelligence and Machine Learning, Cyber Physical Systems and others. Additionally, several courses offered are aimed at enhancing the technical and entrepreneurship skills of the students, in sync with Start-up India policy. Aligned with the Digital India mission, courses related to computer programming are made compulsory for all programmes.

1.3 - Curriculum Enrichment**1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

The Institute ensures integration of relevant cross cutting issues in the curriculum of all the programmes offered. VIT encourages activities related to peer and group learning which provides crosscultural ambience, and addresses the cross-cutting issues related to Gender and Values.

Gender

Course on 'Gender, Culture and Technology' addresses the issues related to gender. As part of the Ethics and Values courses, students are required to address the issues related to women empowerment, child abuse, responsible living and others.

Environment and Sustainability

Environmental Science is a mandatory course in all the undergraduate programmes. Students are involved in green auditing of the campus and keep track of carbon footprint of the campus.

Human Values and Professional Ethics

Course on Ethics and Values is mandatory for all the undergraduate students. In addition to this, other courses such as Bioethics, Corporate Ethics, Business ethics, Media Ethics are incorporated in the curriculum of relevant programmes. VIT has made the participation of students in extra-curricular activity as a mandatory requirement for graduation. In general, participation in these extra-curricular activities promotes gender equity, personal social responsibility and enables the students to face the challenges in the future workplace, as these mould them to be holistic individuals.

2.1.2 - Total number of seats filled against reserved categories (SC, ST, OBC, Divyangjan, etc.) as per applicable reservation policy during the year (Excluding Supernumerary Seats)

2.1.2.1 - Number of actual students admitted from the reserved categories during the year

7127

File Description	Documents
Upload the data template	View File
Upload relevant supporting document	No File Uploaded

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organises special Programmes for advanced learners and slow learners

Assessing learning levels of students

VIT has a robust and dynamic mechanism of assessing the learning levels of the students. On admission to various programmes, the students undertake a Computer Based Test (CBT) which assesses the English language proficiency. Based on the performance of students, a series of non-credit English Language bridge courses are offered to students with low proficiency. After completion of these courses, the credit course on English is offered.

Special initiatives for Slow Learners

Students scoring less than 50% in the first Continuous Assessment Test I (CAT-I) are classified as slow learners. A provision is available in the institutional LMS to faculty member to upload the required material for slow learners, and a follow-up action is also taken in the form of additional classes, tutorials, and assignments.

Special Programs for Advanced Learners

Opportunities exist for students to complement and enhance their learning experience by crediting additional courses in diverse areas. Students having more than 8.5 CGPA are eligible for Minor or Honours credential. The institute also facilitates research at the undergraduate level and enables students to earn credits by registering for Undergraduate Research Experience (URE) and Semester Abroad Program (SAP).

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

VIT introduced Curriculum for Applied Learning (CAL) in 2015. The main objective of CAL is to emphasize student centric methods.

Participatory Learning: Active Learning Methods (ALMs) like Group Discussions, Workshops, Assignments, Technical clubs, Hackathon etc. help the students whose learning style is in sync with Participatory Learning. Students are also encouraged to carry out the projects in groups.

Experiential Learning: Most of the core courses have either a regular laboratory or project component as part of the course. In CAL, the students have an opportunity to "Learn by doing" in at least 60% of the courses. This can be either through conventional laboratory or project based learning.

Problem Solving Methodologies: Under-graduate engineering students should undergo courses like "Technical Answers to Real World Problems (TARP)", "Introduction to Innovative Projects (IIP)" and "Lean Start-up Management (LSM)". Students are expected to register for TARP course in the prefinal / final year. The objective of this course is to identify real life problems and use engineering principles / technologies to address the problem. The solution is expected to be in the form of fabrication / coding / modelling / product design / process design / relevant scientific methodologies.

2.3.2 - Teachers use ICT enabled tools including online resources for effective teaching and learning processes during the year

VIT has taken care of integration of ICT in education, inter alia, does promote autonomous learning, student-centered learning, higher order thinking, problem solving, cooperative learning, collaborative learning, social learning and self-paced learning and finally, integrated learning.

VIT has developed an indigenous Learning Management System (LMS) called V-TOP and most of the teaching learning process tools have been integrated into it. VIT boasts of a plethora of tools and systems available for the efficient content management for 'any-time any-where' access. In addition to institutional LMS, the faculty members can also use open source educational software MOODLE, which is customized specifically for VIT's teaching-learning infrastructure management and administration. The LMS platform is customized with a set of features that facilitates optimization of services, such as: user management, course management, on-line editing, visual analytics, academic tracking, session participation, attendance, mark assessments, tutorials, project evaluation, collaborative study and assessment of the performance. Each school has a dedicated smart class room with Lecture Capturing System (LCS).

2.5.2 - Total number of student complaints/grievances about evaluation against total number appeared in the examinations during the year

39

File Description	Documents
Upload relevant supporting document	View File

2.5.3 - IT integration and reforms in the examination procedures and processes (continuous internal assessment and end-semester assessment) have brought in considerable improvement in examination management system of the institution

Some Unique Features of VIT Examinations

Scheduling : Either slot-wise or Course wise as per the course registration / requirement. As exam activities are managed digitally no printed hall ticket will be issued.

Grading : Both relative and absolute grading are practised based on the type and mode of the course and also based on the number of students enrolled in each class.

Exam Mode : a. Paper (normal) mode, b. online mode (CBT), c. Remote Proctored Online Open Book / Notebook Format exams with automatic randomization of question papers.

Question Papers : Faculty members are empowered: a. to set their own question papers b. to use common question papers c. to use randomized questions from question bank as per the requirement.

Evaluation : On Screen Marking using Digital Valuation Systems available on local server / cloud, Paperless Digital Exam Services using exam pads.

Exam Types : Continuous assessment test carries an overall weightage of 60%. The assessment tools include: written tests, assignments and quizzes. The final assessment test carries 40% weightage.

CO Attainment : All assessments are mapped to the appropriate course outcomes. The marks obtained in continuous and final assessments are used to quantify the attainment of the course outcome.

File Description	Documents
Upload relevant supporting document	No File Uploaded

2.5.4 - Status of automation of Examination division along with approved Examination Manual

A. 100% automation of entire division & implementation of Examination Management System (EMS)

File Description	Documents
Upload the data template	View File
Upload relevant supporting document	No File Uploaded

2.6 - Student Performance and Learning Outcomes

2.6.1 - The institution has stated learning outcomes (generic and programme specific)/graduate attributes which are integrated into the assessment process and widely publicized through the website and other documents

All programs of the institution have the generic Program Outcomes (PO) which ensure the attainment of graduate attributes. The programs also have Program Specific Outcomes (PSO), which address the program specific requirements. The PSOs are formulated taking into consideration the expectations of respective professional bodies and mandatory agencies.

At the course level, all courses of the program, have well-defined set of course outcomes. A team of faculty members handling the course formulate the COs and the same is deliberated and approved in the Board of Studies. The course outcomes are planned and designed so as to cover the entire syllabus and the designated competencies. A typical 3 credit course has about 5 or 6 course outcomes. Based on the specific requirements of courses the number of course outcomes vary.

Publicizing PO, PSO & COs

- The POs and PSOs of all programmes are published in the website and strategic locations of the Institution, in the students' LMS and in the Syllabus books of programmes

Thus the institution has in place a well-defined POs & PSOs for all programs and COs for all the courses. These details are published in the institution website and are integrated with the teaching learning and evaluation system of the institution.

File Description	Documents
Upload relevant supporting document	No File Uploaded

2.6.2 - Attainment of Programme outcomes, Programme specific outcomes and course outcomes are evaluated by the institution during the year

Assessment of Course Outcomes (COs)

1. Course outcome attainment is calculated from all Course related assessments

2. The assessment process uses both direct and indirect measures to measure the attainment of each outcome through Examinations, Assignments and quiz, Projects or any other Instrument used by the faculty for assessment

Indirect Assessment

Course Survey is carried out for every course in each semester to get a formal feedback from students for the courses offered in a semester and provide objective information to the faculty for self-appraisal, self-improvement and development. Formal student feedback is obtained online or manually semester-by-semester mandatory course evaluation using course survey form and the level of attainment of each Course Outcome is fixed at 60% across the University. The direct method (90%), is based on marks obtained in assessment and indirect method (10%) is based on the student survey.

Assessment of POs and PSOs:

1. The Course Outcomes are mapped to appropriate Programme outcomes and Programme specific outcomes through course and program articulation matrices, in a weighted manner.

2. The University Core (UC) and Programme Core (PC) courses are being taken for calculation of PO attainment and Programme Core (PC) courses for PSO attainment.

2.7 - Student Satisfaction Survey

2.7.1 - Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design its own questionnaire) (results and details need to be provided as a web link)

<https://vit.ac.in/files/ebooks/SSS-Report-2022/>

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution Research facilities are frequently updated and there is well defined policy for promotion of research which is uploaded on the institutional website and implemented

Vellore Institute of Technology, (VIT) accords high priority for the promotion of quality research. The institution has a well-defined policy for promoting research and the same is available in VIT website <https://vit.ac.in/files/Research-Promotion-Policy/index.html>.

The institution has centralized facilities and research centres to cater to the research needs of faculty members and students. Recently, Autonomous Vehicle Research Lab, Human Organ Manufacturing and Engineering Laboratory, 3-D Printing Lab and Wearable Technologies Laboratory have been established to carry out research in frontier areas of Science and Technology. Institute subscribes important research journals such as Elsevier, Springer, IEEE, ASME, ASCE, Scopus indexing database, etc. In order to initiate new research labs in various ventures, the institution has initiated the construction of "Pearl Research Block".
<https://vit.ac.in/files/ebooks/research-facilities/index.html>

To enhance the research output, the institution has launched various research promotion schemes, which include Institutional Ph.D research fellowship of Rs.25,000/- p.m., Raman Research Award, Contingency grant, etc. Seed money grant to young faculty members to establish their research facility in VIT. Research Award" to faculty members, as financial incentive for (i) Quality Publications including journal publications, books and book chapters (ii) Patents (iii) Funded Projects and (iv) Contribution to the 'h' index of the institution. VIT also provides financial support for participation in National and International Conferences. The institution has been using "Turnitin" software for plagiarism check since 2009.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an eco-system for innovations including Incubation centre and other initiatives for creation and transfer of knowledge

The institution has a well-established 'Technology Business Incubation' center known as 'VIT-Technology Business Incubator (VIT-TBI)' and is operational since March 2003. It is a joint initiative with Department of Science and Technology, Govt. of India. The VIT-TBI has subsequently partnered with TIFAC, TDB, DSIR, MSME and BIRAC of the DBT on various innovation and entrepreneurship programs and through grant funding. VIT-TBI provides access to infrastructure, prototype development, research assistance, funding, business consulting etc., in a single window mode to early stage technology entrepreneurs.

VIT-TBI is a 'PRAYAS Center' under the NIDHI scheme of DST for nurturing knowledge-based and technology-driven ideas and innovations into successful start-ups. 'BioNEST' - A Bioincubation Center at VIT-TBI has been set up with the support from BIRAC for supporting innovative start-ups in life sciences and medical devices. The details of VIT-TBI are available on <http://www.vittbi.com/>.

Two University Core Courses, namely, (i) Introduction to Innovative projects and (ii) Lean Start-up Management have been introduced in the curriculum for establishing a conducive innovation ecosystem. These project based courses enable students to learn through hands on projects. All the schools of the University periodically organise various Hackathon, Codeathon and Designathon competitions for students, to enhance their design thinking capabilities. <https://vit.ac.in/iprcell>

3.5 - Consultancy

3.5.1 - Institution has a policy on consultancy including revenue sharing between the institution and the individual and encourages its faculty to undertake consultancy

Vellore Institute of Technology has a transparent policy for consultancy and the same is displayed in the institutional website.

<https://vit.ac.in/sites/default/files/VIT-Consultancy-Policy.pdf>

To promote sponsored research activities, the institution has established a separate office for Sponsored Research and Industrial Consultancy (SporIC) to act as a nodal centre for obtaining and managing consultancy projects for the Institution.

The institution encourages faculty members to establish a strong connect with various industries through industry academia networking conclaves. Faculty members visit identified industries periodically and interact on a continuous basis. This continuous interaction enables faculty members to identify industrial problems for solving through consultancy mode or through student projects.

After interactions for about an year and after some salient outcomes in terms of collaboration, the relationship is formalised through Memorandum of Understandings. Sustained interactions have also resulted in setting up Industry Sponsored Laboratories.

The specific concessions given to faculty members to focus more on Industry Consultancy and Connect include.

Transparent revenue sharing mechanism

Sponsorship of travel and other expenditure during all official visits

Grant of on duty for all such visits

Consideration of contributions in extension activities in performance evaluation

Reduced academic workload for significant contributions.

3.6 - Extension Activities

3.6.1 - Extension activities in the neighbourhood community in terms of impact and sensitising students to social issues and holistic development during the year

VIT strongly believes in the need for the holistic development of students and accordingly the institution takes consistent efforts in directing the students' energy towards addressing the real life issues of common man and societal problems at large.

In the Engineering Curriculum of VIT, all students undergo a two credit course on "Technical Answers to Real World Problems" in which students as project teams take up a problem of the neighborhood community and come out with innovative technical solutions to these problems. Some of the problems taken up and addressed include low cost effluent treatment system for tanneries, robotic block removal in underground sewage system, disaster assessment and mitigation using IoT, and low cost water purifier.

VIT has over 200 clubs and chapters, which are active student bodies providing platform for students to indulge in various co-curricular, extra-curricular and outreach activities. Of these, there are about

20 clubs that provide avenue for active direct interaction with society. The detailed account of objectives and activities of various student clubs is available in the website <https://vit.ac.in/campus/Clubs/Social%20Outreach>

INFRASTRUCTURE AND LEARNING RESOURCES**4.1 - Physical Facilities**

4.1.1 - The institution has adequate facilities for teaching - learning. viz., classrooms, laboratories, computing equipment, etc.

Various departments of Vellore Institute of Technology are spread in the Main campus (VIT Vellore) and the VIT Chennai campus. VIT is spread over 563.65 acres of land. Of the total built-up area of 10,90,846 m² an area of 2,98,016 m² is used for academic activities (classes, labs, library, auditoriums, etc.) and 5,80,474 m² for hostels. The remaining area is used for support facilities like play grounds, canteens, etc.

Class rooms:

Institute has 491 class rooms and seminar halls with ICT facility.

The teaching and learning facilities are as per AICTE (for UG & PG programs), Council of Architecture (for UG programme) and The Bar Council of India (for UG programme).

Teaching & Research Laboratories:

VIT is well equipped with laboratory facilities for hands-on training of UG and PG students. This includes specialized laboratories with recent additions namely, Additive Manufacturing, Robotic Process Automation Lab, Machine Intelligence and Brain Computing Lab, Drug Discovery Unit, Anechoic Chamber, Vehicle testing lab, Smart Biomaterials Lab, Semiconductor physics lab etc.

Computing Equipment:

VIT has established robust IT infrastructure with 10735 computers exclusively for academics. High speed robust network connecting all buildings with campus-wide Wi-Fi (2231+) Internet access is provided. IT infrastructure includes high end servers with SAN, Private Cloud, VDI, IT security solutions from Palo Alto, McAfee, CISCO AMP and K7.

File Description	Documents

4.1.2 - The institution has adequate facilities for cultural activities, yoga, games (indoor, outdoor) and sports. (gymnasium, yoga centre, auditorium, etc.)

To achieve a healthier lifestyle while coping with the highly demanding study environment, one needs to be healthy, both emotionally and physically. As a part of this process, VIT emphasizes the importance of sports and considers them as an integral part of the curriculum.

At VIT students are groomed to be complete personalities. In order to be mentally and physically fit, VIT provides state of the art facilities with magnificent air conditioned gymnasium, Snooker hall, play grounds, stadium, indoor courts as well as a number of centres for physical education & sporting activities that help students stay as fit as a fiddle and to develop a spirit of sportsmanship .A swimming pool of international dimension is also available in the campus.

1. A/C Gymnasium:- The Trendset Centralized A/C Gymnasium It was established in the year 2004 for Men & Women to fulfill the students

need. At present 5 Nos Centralized A/C Gymnasium with the area of 257.29 m² is available.

2. Swimming Pool: - Swimming Pool for Men & Women 2 Nos It was established in the year 2005 to fulfill the students need with the area of Men 4337.66 m² (50m x 25m) & Women 1100.41M² (25m x12.5m).

File Description	Documents
Upload relevant supporting document	View File

4.1.3 - Availability of general campus facilities and overall ambience

Sufficient number of hostel blocks with 70% of rooms are HVAC facilities for male and female students

Variety of non-vegetarian and vegetarian vendors of different cuisine cater to various hostels

Laundry services, salons and beauty parlours available in hostel blocks

Two Railway under bridges (RUB) for safe commuting between hostel and academic blocks, Banks and ATM facilities

Well-equipped indoor outdoor game courts and facilities

VIT campus has green energy generation capacity of 2.113 MW Solar PV in roof tops.

Also one of our academic building "Mahathma Gandhi Block" is platinum rated green building by IGBC.

RO water treatment plant with 1,135 KLD capacity with well-connected water supply network to provide 24x7 drinking water to the entire campus

For liquid waste management, modern water treatment plant with an installed capacity 4,500 KLD recycles about 90% of waste water for secondary applications such as, flushing, Water cooled centralised AC system, gardening and vehicle washing.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS) and has digitisation facility

- Periyar EVR Central library was partially automated with barcode technology for circulation using in-house software in 1998. In 2008, it was fully automated with the ILMS (LIBSYS 7.0) version with web-centric applications. In July 2019, migrated to ILMS (KOHA 19.05) version with RFID technology.
- Patrons can search the library collections with extended bibliographic details using Web-OPAC <http://webopac.vit.ac.in/> facilities and online renewal facility.
- The MARC 21 (Machine Readable Catalogue) interface is available with AACR2 format for information searching purpose.
- The Library has adopted ICT applications integration with technological innovations to improve user experience. The self-check-in and check-out, with RFID Technology, biometric integration with SMS/e-mail alerts.
- Koha offers unlimited capacity in terms of branches, patrons, patron categories, and various reports on day-to-day activities.

Digitization Facility:

- Separate high speed document scanning unit BOOK EYE- 4 scanner is available.
- High speed scanning facility (A3 page) could be used for auto scan, auto focus, auto cropping for fast digitization.
- The document scanner was integrated with VITLMS - VTOP portal for prepaid document scanning support services.

Dspace Institutional Repository:

Periyar EVR Central Library has set up Institutional Repository archiving facility for the VIT patrons using the DSpace open-source

software. VIT Institutional Repository includes e-Thesis, journal articles (published by our faculty) etc.

4.3.2 - Institution has an IT policy, makes appropriate budgetary provision and updates its IT facilities including Wi-Fi facility

IT infrastructure has been widely spread across connecting all buildings with very high-speed robust network backbone. Our Computer network is built on CISCO switching platform with backbone running on 10Gig at present. 12000+ IP enabled devices are connected to this fast network. Understanding the demands of faculty and students to use digital media for their research, teaching & learning process, 10Gbps of internet bandwidth is made available through three major Internet service providers.

WIFI access points are positioned across the campus to facilitate internet access to our students, faculty and guests while they are in the campus. Seamless internet access given to students through Hotspots and well planned WIFI network at Hostel rooms.

Our campus IT facility secured by implementing the best of the security solution from Palo Alto, McAfee, CISCO AMP and K7 which includes Next Generation firewall, Application firewall, Email Security, Advance Malware Protection, Endpoint Threat Protection, OpenDNS etc.

IT expansion is done based on assessing the requirement and also understanding the need of implementing the best of the breed technology to support the teaching and learning process. Also understand the industry requirement with respect to advance technology to ensure that our students are well aware of the technologies prevailing in the market.

5.3.2 - Presence of Student Council and its activities for institutional development and student welfare

Representatives from all the programmes constitute the Student Council. Based on the academic performance, leadership qualities, co-curricular and extracurricular achievements, students are shortlisted and interviewed. Executive members and member secretaries of Student council are served by final and pre-final

year students respectively and activities are summarised below:

- Key role in any important decision making process of institute, (brainstorming sessions) that involves growth of students and institute.
- As members in Library, Internal Quality Assurance Cell (IQAC), University academic and sports committees
- Actively participate and discuss the concerns of the student community during quality circle (QC) meetings and provide peer support to fellow students.
- Be a part of Institute Innovation Council to foster Innovation and Entrepreneurship activities.
- Liaison with hostel authorities and the canteen committee for hostel students.
- Organize events of national importance, universal values and many GOI initiatives like Swachh Bharat Mission, various awareness programmes on suicide prevention, women health, Covid '19 protocols.
- Participate in community projects through various outreach events and actively involves in clubs and chapter activities.
- Planning, scheduling and conducting the annual University Day function.
- Participate and support the annual technical festival-Gravitas and cultural festival-Riviera.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association/Chapters (registered and functional) contributes significantly to the development of the institution through financial and other support services during the year

VIT has Alumni Association of VIT (VITAA) functioning from the institute campus. VITAA maintains the link between the institution

and alumni for mutual growth, achievement and advancement.

There are 20 chapters across and 36 chapters outside the country including Australia, UK, Muscat, Rwanda, Canada, Germany, Singapore and UAE. New Chapters namely, Jaipur and Madurai were inaugurated in September and November 2021 respectively. VITAA conducts various social activities such as tree planting, food donations, blood donation and health check-up camps, etc.

The alumni conduct knowledge sharing sessions to the present students, guide the final year students in project work and employment opportunities in their respective organizations. The institute provides free access to the library and assists budding Alumni to incubate technology venture.

Our alumni members contribute scholarships to the needy students on VITAA Annual Day every year. Alumni who have made prominent contributions in the diverse fields are honoured with various "Alumni Awards"

"TRACKS" is an Annual newsletter that records events and developments in VIT and the activities of the Alumni Association, apart from reporting personal and professional achievements of the alumni. VITAA website (www.vitaa.org) is designed to increase leverage of Alumni network for the benefit of the alumni.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The institution has a clearly stated vision and mission which are reflected in its academic and administrative governance

Academic and Administrative Governance

VIT is a deemed to be university governed by UGC regulations. The statutory bodies of the institute - Board of Management, Planning and Monitoring Board, Finance Committee and Academic Council are constituted as per UGC norms.

To become world class, an institute should be innovative and research oriented. To facilitate research ambience and innovative culture, separate offices of Academic Research and Sponsored Research & Industrial Consultancy were created. The Patent Cell of VIT facilitates patenting for faculty and students.

Happy people are the most productive. The institute offers several welfare schemes for faculty and staff. The proctoring scheme that operates under O/o Students' Welfare helps the students to resolve academic and personal problems.

Collaborative Research is essential for visibility and funding. VIT established the office of International Relations to collaborate with foreign Institutes for research, faculty and student exchange. In addition, Office of Ranking and Accreditation helps to enhance national and international visibility.

Without serving the society, no research is complete. VIT participates in various social welfare schemes targeting the local community.

<https://vit.ac.in/about/vision-mission>

File Description	Documents
Upload relevant supporting document	No File Uploaded

6.1.2 - The effective leadership is reflected in various institutional practices such as decentralization and participative management

VIT has adopted decentralization, participative management and empowerment in all academic, administrative, finance, research and outreach activities.

There are 17 Schools and 17 Research Centres headed by Deans and Directors, entrusted with the responsibility of maintaining high standards in academics and research. The periodic meetings organized at various levels ensure smooth communication among administrators, faculty, staff and students and effective implementation of the decisions.

In academics, the faculty members decide on all matters right from formulation of syllabus to question paper setting and evaluation. To improve the teaching-learning process, feedback is obtained from the students through quality circle meetings and end semester feedback.

VIT follows a decentralized approach in financial management. At the department level, the budgetary requirements are consolidated and submitted to the University level committee. The committee finalizes the draft budget for the Schools and forwards the institutional budget to the Finance Committee for approval. After approval by the Finance Committee, the approved budget is utilized through Purchase to Payment (P2P) portal.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic plan is effectively deployed

Strategic plan has been formulated in tune with the vision of the institute to excel in teaching, research and innovation. One of the successfully implemented activities under global visibility is to improve in the national and international rankings. The following set of action plan was formulated to reach this strategic goal.

- Focus on Interdisciplinary research
- Research to focus on Product Development, IP Generation and Commercialization.
- Emphasis on publishing in peer reviewed journals with high impact factor
- Special scheme for inviting international Professors as Visiting / Adjunct Professor
- Establishing functional collaboration for Research / Faculty Exchange / Student Exchange with top 200 universities
- Enhancing interaction with various industries for student internships & projects, consultancy and industry sponsored laboratories
- Securing and strengthening international collaboration and

joint research

Improvement in rankings by various agencies in 2022:

- NIRF 2022 : Ranked as 9th in University category? 10th in Research and 12th in Engineering category
- Ranked within 801-1000 in THE World Universities Ranking
- Ranked within 601-700 in Shanghai World University Ranking
- Seven Subjects ranked among top 500 in QS world University Rankings
- Ranked 346th in Engineering and Technology in QS world University Rankings
- Globally ranked within 301-400 in THE Impact Ranking 2022

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Statutory Bodies

All the statutory bodies of the institution are constituted as per UGC norms, and they meet periodically to formulate policies, critically review the progress made and offer suggestions for institutional development.

Administrative setup of the University

The day-to-day functioning of the institution is taken care of by the Officers of the University, namely, 1) Vice-Chancellor 2) Pro Vice-Chancellors 3) Registrar 4) Controller of Examinations 5) Chief Finance Officer 6) Dean Academics 7) Dean Academic Research 8) Director Sponsored Research and Industrial Consultancy 9) Director Student Welfare 10) Director Ranking & Accreditation 11) Deans of Schools 12) Directors of Research Centres 13) Functional Directors and 14) Heads of Departments.

The institution has 17 Schools and 17 Research Centres. Each school is further subdivided into departments. Schools are headed by Deans. Research centres are headed by Directors who are responsible for identifying cutting edge research areas and promoting research activities.

The institution has well-defined and transparent policies including service rules, recruitment procedures and promotion norms. The institution has grievance redressal bodies such as Internal Complaints Committee (ICC) and grievance redressal committees for students, faculty and staff members.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has a performance appraisal system, promotional avenues and effective welfare measures for teaching and non-teaching staff

Performance Appraisal System

VIT follows a comprehensive Performance Appraisal System (PAS) to assess the performance of teaching and non-teaching staff on an annual basis. Teaching staff carry out the self-appraisal, which is followed by that of HoDs and Deans. Besides, students' feedback on the teaching-learning process is included as a part of the PAS.

Performance appraisal of non-teaching staff is carried out based on the nature of the job they perform. A well-defined, transparent, norms-based promotion scheme is followed for teaching and non-teaching staff.

Welfare Measures

The institute recognises the service and dedication of the teaching and non-teaching staff members and offers them various welfare measures such as

- Employment Provident Fund & Gratuity
- LIC Pension Scheme
- Mediclaim Insurance / Accident Policy for Employees and Dependents
- Round the clock on-campus health centre facilities
- Encashment of Earned Leave
- Maternity leave
- Residential accommodation in campus on subsidized rent, based on availability
- Teaching staff are provided sabbatical leave to pursue higher education/research, seed money for research, and financial support for attending conferences
- Teaching staff are encouraged to take up consultancy work
- Reward for publication of quality research papers / patents/ projects/ and books
- Admission at VIT for children of employees.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The financial planning and budgeting is an integral part of annual academic planning at the institute. The institute strives to mobilize resources through various avenues and utilizes the fund optimally for its activities in a systematic manner.

1. Tuition fees from Indian students, as approved by the fee committee
2. Attracting students from foreign countries and NRI / OCI students
3. By getting 12 (B) status from UGC.
4. Promoting consultancy services and encouraging faculty members to apply for extramural funding
5. Commercialising the patents and other IPR generated by the Institute
6. Facilitating incubation / start-ups through TBI
7. By offering new programmes or interdisciplinary courses in emerging areas, which are in sync with the industry requirements
8. By offering courses for industry personnel/working people
9. By exploring the avenues for floating Joint Degree programmes with foreign universities.
10. Endowment funds to recognize meritorious students
11. By creating corpus from Alumni contributions.

12. By exploring funding from Corporate / International Foundations/ NGO's etc.

13. By attracting donations to the trust corpus by leveraging the tax exemption availed under 80G of the Income tax act.

6.4.4 - Institution conducts internal and external financial audits regularly

VIT follows the mercantile system of accounting and complies with the guidelines and Indian Accounting Standards (Ind AS) recommended by the Institute of Chartered Accountants of India. It has a well laid down internal control mechanism by internal auditors, audited independently every quarter, apart from an in depth annual statutory audit carried out by reputed external auditors. Periodical monitoring of expenditure, compared with the approved budget, is carried out.

Internal audit

Internal audit is generally conducted for 10 days and the report is submitted to the institute within a month. The audit objections

raised during internal audit are rectified and recommendations for process improvement are implemented.

External audit

External audit is conducted every year. The audit starts (for the previous year) at the end of April and is completed in September. For the current year (for half-yearly period), the audit starts in December and ends in a month.

Mechanism for settling audit objections

During audit, the queries raised are addressed by the finance team and the rectification entries are made. Explanation to the queries is given within 15 days' time and the rectification entries are made within the next 10 days.

File Description	Documents

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes by constantly reviewing the teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals

The IQAC institutionalized the process of reviewing the teaching-learning process through Student Quality Circle Meetings (QCMs), Students' end semester feedback, Outgoing students' survey and academic audit. Students' feedback is used as an important tool to close the loop for the teaching-learning process.

The student QCMs are conducted at least twice in a semester to get the feedback on teaching-learning process from the students to take steps for mid-course corrections. The suggestions received from the students are passed on to the concerned faculty and HoDs to review and take suitable action. The students' end semester feedback on teacher, course and lab infrastructure is collected through institutional LMS. The outgoing students also provide valuable feedback on their overall academic experience. The feedback collected are analysed and presented in the IQAC meetings. The meetings result in making recommendations for improvement in the learning experience of students.

Academic audit is regularly conducted by IQAC to review the academic

process in the schools. The guidelines for audit are prepared as per NAAC/UGC quality framework and a brain storming session on the audit report is organized to review and recommend measures for quality enhancement.

6.5.3 - Incremental improvements made for the preceding during the year with regard to quality (in case of first cycle) Post accreditation quality initiatives(second and subsequent cycles)

The institution undertook a major B.Tech and M.Tech curriculum revision exercise in 2021.

Provision for students to enrol for credit transfer under SWAYAM-NPTEL

Online proctored examination to ensure quality of assessment process

Establishment of 7 interdisciplinary research centres at Chennai campus in addition to the existing 10 centres

Enhanced stipend for PhD scholars

Revised guidelines for research seed grant to benefit more faculty members

Funding support for publishing in open access journals

Strengthening of patent Cell, Institutional Innovation Council and Product Development Center

Full financial support for patent filing

Introduction of VIT NISP

Introduction of multiple innovation challenges to students through competitions

Industry mentored internship for the final year students

NASSCOM skill development & Industry certification programmes for the students

International internships and placements

Setting goals and target to improve the international subject ranking and world rankings

Initiatives taken for accreditation of B.Sc. (Hons) Agriculture programme

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

As part of the curriculum, courses on Gender, Culture & Technology, Ethics & Values, Right to Education - Women, Minority, Equality & Environment and Gender, Caste & Law address issues related to gender. As part of these courses, students learn the issues related to women empowerment, female feticide prevention, child abuse, responsible living and others.

Some of the specific measures initiated by the institution to ensure female students participation in all academic, co-curricular and extra-curricular activities are

- Special drive to admit female students in diverse programs of

study

- 24x7 Availability of lady doctor in the campus hospital and lady nurse in every hostel block cluster
- Gender sensitization programs for all students, faculty and staff members
- Special sports promotion programs, exclusive swimming pool and gymnasium for female students
- Exclusive professional counsellors for female students
- Common room for female students in all academic blocks
- A mandatory workshop on Prevention of Sexual Harassment in workplaces was organized for all faculty members to create and maintain an environment free of sexual violence, harassment, exploitation and intimidation
- The entire campus is covered with 3,016 CCTV cameras to provide a sense of security to inhabitants particularly women
- The institution employs 48-women security guards

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system

Hazardous chemicals and radioactive waste management

Solid waste management and waste recycling system

Organic and green waste, recyclable waste and sanitary waste are collected in different coloured bins. Wastes collected from the canteens and food joints on campus are composted.

Liquid Waste Management

The wastewater generation from the project is about 3379 KLD, which is treated in the sewage treatment plants with a handling capacity of 3920 KLD. This is then recycled and used for flushing or watering the gardens in the campus.

Biomedical waste management

VIT adheres to and practices a sustainable and healthy waste management system that is aimed at making the campus green and eco-friendly. At VIT, biological wastes are safely disposed through 'Ken Bio links Pvt. Ltd'.

E-Waste Management

E-wastes, which are regularly collected from source points, are sent to e-waste storage area. The e-waste generation at campus is approximately 2-tonnes/year. M/s Veltech systems, Chennai, is the authorized vendor currently collecting e-wastes from us.

Hazardous chemicals and radioactive waste management

Silica gel is widely used in TLC column but it is non-toxic and chemically inert, and sent to the recycler. Strong acids and bases are neutralized and disposed to the water treatment plant. Institution doesn't explicitly use radioactive materials in its research.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words)

VIT has been successfully maintaining harmony and peace all through these years without any single episode of campus unrest. VIT remains committed to the culture of celebrating diversity leading to a higher level unity.

At VIT, festivals like Pongal, Diwali, Christmas, Eid, Navaratri, Durga Puja, Onam, Ganesh Chaturthi, Bihu, Baisakhi, Ugadi, Sargam, Lohri, Holi and Gudi Padwa are celebrated with gusto.

VIT has a plethora of Literary Associations for various Indian languages including Tamil, Telugu, Malayalam, Kannada, Hindi, Bengali and Marathi. These students participate in inter-university fests.

VIT every year organizes "Infusion"- a showcase of cultures around the world. This program by students of various nationalities, is a magnificent display of the diverse international culture.

Another annual event "AIKYA" is a parade that showcases the vast heritage of India and its various cultures. It is also a show of unity in diversity.

VIT offers STARS (Support The Advancement of Rural Students) Scheme to students from socioeconomically weak backgrounds to help such students to overcome obstacles in their educational progress and excel in their respective fields.

Apart from this, VIT hosts several agricultural expos in support of local farmers, and offers its sports facilities for tournaments among local schools.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

VIT organizes national and international commemorative days, festivals and events.

National Festivals

Thai Pongal is a Tamil harvest festival usually celebrated from 14th to 16th January. Pahela Baishakh is the traditional New Year day of the Bengalis. Baisakhi or Vaishakhi, is a historical and religious festival in Sikhism and Hindus, and is usually celebrated on April 13 or 14 every year. The Rongali Bihu, Ugadi, Gudhi Padvais are the various festivals that marks the traditional New Year celebrated in VIT. Besides these, Onam, Odisha Day, Navaratri, Eid and Christmas day are being celebrated with fervor and joy.

Teachers' Day

VIT celebrates the birth anniversary of the former President of India and a renowned teacher Dr. S. Radhakrishnan as Teachers' Day.

International Day's Celebration

International Women's Day is celebrated on March 8 every year at VIT. International Day of Yoga is celebrated on the 21st of June every year. The International Day of Happiness is celebrated throughout the world on the 20th of March.

National Day Events

VIT organizes Republic Day and Independence Day celebrations. The institute also celebrates the National/International days, birth /death anniversaries of the prominent Indian personalities every year.

7.2 - Best Practices

7.2.1 - Describe one best practice successfully implemented by the Institution as per NAAC format provided in the Manual

1. Title of the Practice: Raman Research Award

2. Objectives of the Practice:

This initiative is taken to motivate UG, PG and Ph.D students to carry out high quality research.

3. The Context:

The journal publication details of the scholar and students are to be collected every month. The collected data will be checked for its suitability for the consideration of this award. The primary criteria are that the scholar/student must be the first author and the guide has to be corresponding author. Also, it will be ascertained that the journal in which the paper is of quality journal.

4. The Practice:

Under this scheme, UG, PG and Ph.D students will get an incentive of Rs.10000 to Rs.30000 for research papers published in refereed journals as given in the table below.

This involves collecting the details of the publications made by the students every month as well as validating them. It will also be ascertained that the journals under which the publications are made do not fall under predatory types.

5. Evidence of Success:

There has been a considerable increase in the number of quality publications by the students after introduction of Raman Research Award. The figure below shows improvement in the research indices over the years.

6. Problems Encountered and Resources Required:

A separate budget has been allotted for this practice. As such no problems were encountered.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

"INCULCATION OF RESEARCH CULTURE AT GRASS-ROOTS LEVEL"

VIT, in addition to the research activities pursued at Master's and PhD levels, has incorporated research components at undergraduate levels. VIT has also a unique system of conducting research seminar (exclusively a student - centered programme) in every semester (referred to as SET Conference; Science, Engineering & Technology Conference). Another unique feature of the system is the inclusion of a module in the curriculum referred to as the "8th module" which ensures each and every course has an industrial component. Every year, VIT earmarks a substantial amount for funding this endeavor - each such project is offered to the tune of Rs 1 lakh for product development. VIT's strategy of inculcation of research at UG levels is reflected at masters and PhD levels as well.

Promotion of research at UG levels has also been reflected in the qualitative and quantitative increase in publications. The outcome of students' involvement in research is also reflected in filing of patents; The funded projects of the faculty members also cater to the research interests of the UG students leading to publications in journals of international repute. And these achievements have been the contributory factors for the institute to be granted IoE status.

7.3.2 - Plan of action for the next academic year

- Training on digital skills and use of technology for "Blended Learning"
- Symposium on Implementation of SDGs in HEIs
- Academic and Administrative Audit
- Environmental / Energy Audit
- To sensitize the schools to get quality (NABL) certification for all testing labs
- Organizing brainstorming sessions to improve academic and administrative processes
- Quality Week
- Unified data collection portal for Vellore and Chennai campuses
- Compendium of Best Practices followed by NAAC A++ Graded Institutions
- Mentoring the HEIs in and around VIT on accreditation and quality assurance
