

## IQAC Meeting Suggestions and Action Taken Report

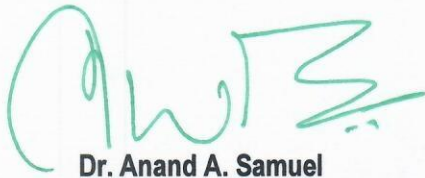

### IQAC Meetings conducted during AY 2016-2017

S.No	Suggestions of IQAC meeting held on 30-08-2016	Action Taken Status
1	Analysis of the quality should be extended to micro level (to the departments) rather than analysis at the school level.	Schools are asked to prepare the analysis at the department level
2	Participation in conferences will help the faculty to develop contacts with other research groups	Enhanced budget is provided at school level to facilitate faculty members to attend conferences /workshops/ training programmes
3	Specific procedures should be laid down by the University for helping the doctoral students to get post-doctoral fellowships in other institutions	As of now the PDF is based on personal contacts of the faculty members and partnering institutions of VIT
4	Computer Programming should be made mandatory for students in all the programmes and this will help in placements.	Computer programming (C++, Python) is being offered as a University core for all programmes in the revised curriculum. Additionally, JAVA was introduced as an elective course

S.No	Suggestions of IQAC meeting held on 17-02-2017	Action Taken Status
1	Currently, Scopus indexing and Science Citation Index are being used for analysis journal publications by faculty. It is suggested to go SCImago Journal Rank (SJR indicator).	VIT is going for QS and THE ranking and hence there is a necessity to focus more on Scopus and SCI indexed journals
2	Analysis of the number of projects contributing to 80% of research revenue can be presented in the next meeting.	Analysis of number of research projects funding agency wise to be presented in the subsequent IQAC meetings
3	Break-up of students' feedback can be presented in the next meeting	Break up of Students feedback analysis are to be presented in the subsequent IQAC meetings
4	Analysis of publication data such as Scopus indexed papers per faculty and SCI journals per faculty	Forwarded to Dean Academics Research for necessary action
5	The final year students should be encouraged to take more industry relevant projects	Office of Placement and Training and Schools have taken several initiatives to get industry internship for final year students

6	The papers published by students can be presented in the next meeting	Schools have been asked to compile data to present in the IQAC meeting
7	To conduct more certification programmes to the students to enhance their job prospects and employability skills	Schools have been requested to conduct more value added programmes, Skill development , Workshops to improve the students' skill set
8	Development of online portal for submission of School Academic Evaluation Report	Online Portal for data submission has been developed and functional
9	Tracking the progress of every graduate for at least 3 years with the help of term project guide	A request was sent to SDC to make provision to enter the student progression details in the institutional LMS (VToP)
