6 CLEAN WATER AND SANITATION

Ensure availability and sustainable management of water and sanitation for all

6.5.1 Water management educational opportunities

Provide educational opportunities for local communities to learn about good water management.

VIAIAL faculty have published books on sustainable water management practices for the farmers in their vernacular language for better understanding. The book clearly explains the groundwater and surface water management techniques to be adopted in the irrigated fields. In addition the water quality management methods are also discussed. The book was released by Honourable Chancellor, Dr. G. Viswanathan and distributed freely to the farmers.

S. No	Details of the Program	Free/Paid	Link to Sample Proof
1.	A booklet on "Water Management Techniques" in vernacular language and English for local farmers	Free	651_1
2.	A consultancy project on "Comprehensive Investigation and Hydro-geological Survey" to Arrest Water Logging issue in and around Sipcot Industrial Complex, Ranipet	Paid	651_2
3.	A collaborative National level summer school on "Responsible Research and Innovation in India's Energy-Water-Food-Health Nexus"	Paid	651_3
4.	Invited Lecture on Groundwater Arsenic and Fluoride Contamination In Indian Sub-Continent	Free	651_4
5.	Invited Lecture on Advanced Oxidation Processes for Water and Wastewater Treatment	Free	651_5
6.	Informative Lecture on Assessment and monitoring of groundwater resources in Tiruchi district using geospatial technologies	Free	651_6
