(Deemed to be University under section 3 of UGC Act, 1956)

SBST

IN ASSOCIATION WITH

SBE-VIT

BRINGS TO YOU

THE 5th EDITION OF **BID-FEST**

School of Biosciences and Technology

aims to teach the next generation of biotechnologists.

The aim of the School is providing students with a top-notch learning environment, research facilities and helps them in understanding the relevance of entrepreneurship in the Biotech field. The strategic link-up with various National and International universities, top scientists in fields of Biotechnology, and other branches of Biomedical Sciences, ensures that up-to date and relevant knowledge is passed from teacher to student.

The Society for Biological Engineering of VIT Vellore (SBE-VIT) is an eminent biotechnology-based student chapter that aims to bring together like-minded passionate people in this field, conduct events to promote common interests and encourage them to create a mark among young and growing scientific communities.

Bio Inspired Design Fest is **SBST** and **SBE VIT's** flagship event conducted every year, which encourages students to absorb, assess and apply the mechanisms of nature in our daily lives to find optimal yet feasible solutions to real world problems.

BID-Fest 2020 is a fifth edition of its kind, where a 2-day Hack-a-thon will be conducted to devise and present a prototype for a problem statement using ideas inspired by nature or natural phenomena.

BID Fest 2019 conducted in collaboration with Biomimicry India, was a huge success. Top scientists in the field have been a part of the previous editions and inspired the students with their motivational words. The top three teams have been awarded with cash prizes.

**SCHOOL OF BIOSCIENCES AND TECHNOLOGY- SBST
AND
SOCIETY FOR BIOLOGICAL ENGINEERING-SBE VIT**

Cordially invite you to

“BIO-INSPIRED DESIGN FEST”

featuring

Prof. Sultan Haider, Founder and Head, Innovation Think Tank,

Siemens Healthineers, and

Dr Jayachandran Bingi, IIT Kanchipuram;

 **TT Gallery 1**

 **11-12 March 2020**

 **9:00 am onwards**

DAY 1

| | |
|---------------------------|--------------------------------------|
| 9:00 am | Inauguration of the event |
| 9:00am to 10:30am | Talk by Dr Jayachandran Bingi |
| 10:30pm to 12:30pm | Webinar by prof. Haider |
| 12:30pm to 1:30 pm | Break for lunch |
| 2:00pm | Commencement of hackathon |

DAY 2

| | |
|---|-------------------------------------|
| Hackathon continues till 2:30 pm | |
| 3:00pm to 6:00pm | Presentation by participants |
| 6:00pm to 8:00pm | Valedictorian ceremony |

BID FEST

2019
