About MICROBIOFIESTA 2021

Intending to bring about the integration of bioscience communities of various institutes, we present 'MICROBIOFIESTA 2021' - an intercollegiate event packed with knowledge and fun! We aim to expand the microbial variety beyond the traditional boundaries; hence, we bring you an enlightening lecture series from eminent scientists working in the progressive fields of microbiology. Moreover, the School of Bio Sciences and Technology, VIT, is committed to identifying young talent that harbors vigorous knowledge of the subject. Our fun events are directed to enhance your skills and test your grip on the recent advancements in Microbiology. We look forward in welcoming you all as this event encases abundant excitement and enthusiasm!

ABOUT VIT

Vellore Institute of Technology (VIT) was founded in 1984 as Vellore Engineering College by the Chancellor, Dr. G. Viswanathan. VIT attracts students from the all the states of India and more than 51 different countries because of its academic excellence. VIT was established with the aim of providing quality higher education on par with international standards. It persistently seeks and adopts innovative methods to improve the quality of higher education on a consistent basis. The campus has a cosmopolitan atmosphere with students from all corners of the globe. Experienced and learned teachers are strongly encouraged to nurture the students. The global standards set at VIT in the field of teaching and research spur us on in our relentless pursuit of excellence. In fact, it has become a way of life for us. The highly motivated youngsters on the campus are a constant source of pride. Our Memoranda of Understanding with various international universities are our major strength. They provide for an exchange of students and faculty and encourage joint research projects for the mutual benefit of these universities. Many of our students, who pursue their research projects in foreign universities, bring high quality to their work and esteem to India and have done us proud. With steady steps, we continue our march forward.

ABOUT SBST

The School of Bio Sciences & Technology consists of 4 departments, namely Biotechnology, Integrative Biology, Bio Sciences and Bio Medical Sciences headed by well-trained Professors. The school offers undergraduate (B.Tech., Biotechnology) and post-graduate (M.Sc., M. Tech., Intg. M.Sc.,) programmes, apart from the Integrated PhD and PhD programmes. The priority of SBST is to develop entrepreneurship skills as well as mentor students to become future scientists for the improvement of humanity. Our efforts are strengthened following our collaborative endeavours with National and International Universities as well as multinational companies. Consultancy-related activities, as well as the commercialization of products, are undertaken as part of the programme. The school has excellent infrastructure in addition to well-trained faculty members. This makes SBST one among the top ten Bio schools in the country.

LECTURE SERIES BY EMINENT SCIENTISTS

POSTER PRESENTATION

Thematic Areas:

- 1. Emerging trends in medical microbiology
- 2. Biotechnological potential of industrially important microbes
- 3. Bioremediation of toxic pollutants

- SCIENTIFIC QUIZ: A scientific quiz to test your knowledge in the field of microbiology
- MICROBIAL PREMIER LEAGUE (MPL):
 Participate in a virtual auction to develop a product of microbiological impact

IMPORTANT DATES

- LAST DATE FOR REGISTRATION: 26-11-2021
- LAST DATE FOR POSTER SUBMISSION: 25-11-2021

Prelims for MPL and Scientific Quiz: 28-11-2021

Final rounds (Events and Poster presentation):
30-11-2021
