

VIT[®]

Vellore Institute of Technology
(Deemed to be University under section 3 of UGC Act, 1956)

CENTER FOR
NANOBIOTECHNOLOGY

VELLORE INSTITUTE OF TECHNOLOGY

PRESENTS

FIRST CROSS DISCIPLINARY
SYMPOSIUM SERIES

ADDRESSING

UNITED NATIONS SDG
GOAL 13 CLIMATE ACTION

13 CLIMATE ACTION

NANOTECHNOLOGY & CLIMATE CHANGE

Date: October 20 & 21

Venue: SMV 209

ABOUT VIT

Vellore Institute of Technology(VIT), formerly Vellore Engineering College, was founded by the Honorable Chancellor Dr G. Viswanathan and attained deemed University status in 2001. Currently, VIT nurtures more than 35000 students on campus from all over India and about 60 countries worldwide. VIT has emerged as one of the best institutions in India and has been consistently ranked as the No. 1 private institution in India and the 11th best among overall engineering institutions by NIRF, MHRD India. VIT is the first institute in India to receive a QS 4-Star rating in the overall category and a QS 5-Star rating in teaching, employability, facilities, innovation, and inclusiveness. VIT's commitment to research excellence and innovation provides an excellent environment for beginners as well as experienced researchers to expand their horizons to global standards. FICCI conferred VIT the "Excellence in Enabling Research Environment" award. VIT maintains its relevance to world-class research by linking with industry and business through local and international research networks

ABOUT CNBT

The Centre for NanoBiotechnology was established (CNBT) in 2011 to carry out interdisciplinary research in the domain of nanobiotechnology. CNBT's research focus includes nanotoxicology, nanomedicine, nanosensors, nano-aquaculture, nano-biosynthesis, environmental nanobiotechnology, and many other related research areas. The center undertakes research and development projects from various agencies and offers consultancy services to industries and research organizations in India and abroad. CNBT's research commitment shines through more than 475 publications with a h-index of above 50. CNBT has nine core faculties and more than 45 research scholars and project associates. It houses various characterization facilities that are highly useful for nanomaterials synthesis and applications. CNBT also holds 20 patents published and more than 10 being granted

ABOUT NANOX

NanoX is an initiative developed by CNBT with the aim of providing a platform for students, researcher scholars, and faculty communities with expert talks delivered on sustainable development goals of the United Nations by distinguished scientists and researchers from various parts of the globe. These lectures focus on the latest and most relevant research pertaining to a specific issue. Every year, a cross-disciplinary theme will be proposed with the aim of facilitating the flow of translational ideas across various disciplines and countries

CHIEF PATRON

DR. G. VISWANATHAN

FOUNDER AND CHANCELLOR, (VIT)

PATRONS

MR. SANKAR VISWANATHAN

VICE PRESIDENT

DR. SEKAR VISWANATHAN

VICE PRESIDENT

DR. G. V. SELVAM

VICE PRESIDENT

CO-PATRONS

DR. RAMBABU KODALI

VICE CHANCELLOR

DR. PARTHA SHARATHI MALLICK

PRO-VICE CHANCELLOR

DR. T. JAYABARATHI

REGISTRAR

CHAIR

DR. AMITAVA MUKHERJEE

SENIOR PROFESSOR (HAG), CNBT

DR. N. CHANDRASEKARAN

SENIOR PROFESSOR (HAG), CNBT

SPEAKERS

Dr. Vivek Polshettiwar

Professor, Dept. of Chemical Sciences,
Tata Institute of Fundamental Research (TIFR)
Mumbai, India

Dr. Disna Ratnasekara

Professor, Dept. of Agricultural Biology
University of Ruhuna, Sri Lanka

Dr. Pranab Goswami

Professor, Dept. of Biosciences &
Bioengineering
Indian Institute of Technology Guwahati,
Assam, India

Dr. Utpal Bora

Professor, Dept. of Biosciences &
Bioengineering
Indian Institute of Technology Guwahati,
Assam, India

Dr. Adepur Kiran Kumar

Peds Pediatrics, College of Medicine,
University of Arkansas for Medical Sciences,
USA

Dr. Shakeel Ahmad Khan

Principal Scientist
Division of Environmental Sciences
Indian Agricultural Research Institute, IARI
General Secretary
National Environmental Sciences Academy
New Delhi, India

Dr. G.K. Suraish Kumar

Professor, Dept. of Biotechnology
Indian Institute of Technology Madras
Chennai, India

SPEAKERS

Dr. Biswanath Mahanty

Associate Professor, Dept. of Biotechnology
Karunya Institute of Technology & Sciences
Coimbatore, India

Dr. Arunkumar Chandrasekhar

Associate Professor, Department of Sensors
and Biomedical Technology,
Vellore Institute of Technology, Vellore, India

ORGANIZERS

Dr. Priyanka Srivastava

(Assistant Professor (Sr), CNBT, VIT)

Dr. N Krishna Rao Eswar

(Associate Professor (Gr I), CNBT, VIT)

NO REGISTRATION FEE
