NATIONAL LEVEL HANDS-ON TRAINING CUM WORKSHOP ON PROTEOMICS TECHNIQUE

Course Description	Course Fees	Duration	Sessions
Protein expression & profiling	Rs. 2500/-	3 Days	VI

Protein expression refers to the way in which the proteins are synthesized, modified and regulated in an living organisms. Since the study of proteins is more complex than the study of genes, the ability to express functional proteins enables researches to study them more easily in laboratory condition.

One of the most important techniques is western blotting, that is used to detect and to study about the expression of a specific protein. The workshop covers a detailed sessions on sample preparation, quantification, immuno-detection of specific protein, expression & profiling, processing and trouble shooting.

Eligibility : Graduates / Students pursuing B.Sc. / M.Sc. / B.Tech / M.Tech / Research scholars / faculties in Life science, Biotechnology, Microbiology.

Payment : DD in favour of “VIT-Technology Business Incubator” payable at Vellore

Workshop Date : 25/03/2020 to 27/03/2020 (03 days)
