No. of Beneficiaries	3350 families were contacted
Name of the resource person/ celebrity	Dr. Santhakumar, NSS Programme Officer &
participated in the event	Respective School Headmasters & Teachers

We took survey on different villages and we get response from peoples.

We found their problems and their difficulty in their day to day life.

By doing this survey we reached more than thousand houses.

And we mentioned major problems in our list and we give possible solution to their improvement. We found the number of unemployed educated persons in villages and asked the solutions what they want

Unnaat Baharat Abyaan

MAJOR PROBLEMS ADDRESSED:

Water scarcity for forming. (Many of them have land but they don't have water facility) Road and bus facility.

Hospital (because hospital in K.V. Kuppam. They don't have near hospital).

School (school is only in Melmoil village.so they walk minimum 5 km for study)

Children's don't have any technological knowledge like computer skills. And they don't have a proper communication skills.

SOME REASONABLE STATICS:

Total houses and students survey – Melmoil surrounding (878 houses) + Agravaram 60 houses & 158 students forms + Pillanjipattu 300 students forms.

Unemployed graduate – 43% (many of them forming own or others land)

Farmers & Daily Wages - 81%

Average highest educational states – SSLC - 60%

The villages don't have a proper road – 20

People with computer knowledge – 12%

With association with other agencies	-
No. of Trees plants	450
Name of the resource person/ celebrity	Dr. Santhakumar, NSS Programme Officer &
participated in the event	Respective School Headmasters & Teachers

- Trees were planted by our team in different schools and nearby places.
- We also cleaned the school premises and grounds.
- ❖ We also watered the plants that were already kept in the schools.
- The specific objectives of the program was to maintain the nature by planting many trees.
- So we have planted 200 trees in this program.

And finally we also explained about the importance of trees and their impact on the environment.
