VIT Quality Week

Theme: "QUALITY : From Compliance to Performance"

24th to 28th February 2025

About VIT

Vellore Institute of Technology was founded in 1984 as Vellore Engineering College by Dr. G. Viswanathan, a former Parliamentarian and Minister in the Tamil Nadu government. The Deemed to be University status was conferred in June, 2001 by MHRD, Govt. of India. Currently, VIT has eco-friendly campuses in Vellore, Chennai, Amaravathi and Bhopal. VIT attracts students from all the states and union territories of India and 65 different countries, owing to its academic & research excellence. VIT has emerged as one of the best institutes of India and is aspiring to become a global leader. Having fully committed to its Vision - "Transforming life through excellence in education and research", VIT focuses on Quality in teaching-learning, research and innovation thereby making the institute distinct from others. VIT is ranked 10th in University Category, 13th in Research Category, 11th in Engineering Category and 19th in Overall Category in 2024 NIRF Ranking published by the Ministry of Education, Govt. of India. National Assessment and Accreditation Council (NAAC) has accredited VIT with the highest grade A++ in 2021 (4th cycle).

- World's Top 2% Scientists feature 76 Professors from VIT Vellore as per the survey conducted by Stanford University and Elsevier for the year 2024.
- NAAC Accreditation with A++ grade (3.66 out of 4)

VIT - IQAC

The Internal Quality Assurance Cell (IQAC) was established in 2007 at Vellore Institute of Technology (VIT) as a post-accreditation quality sustenance measure. The IQAC has been constituted as per the recommendations of the National Assessment and Accreditation Council (NAAC). The IQAC ensures the effective implementation of quality initiatives through continuous reviews & periodic meetings and strives towards attaining excellence in all academic and administrative endeavors of the institution.

Vision of IQAC

To ensure quality culture as the prime concern for Vellore Institute of Technology through institutionalizing and internalizing all the initiatives taken with internal and external support.

Quality Policy

To establish a system of Quality Enhancement, which would on a continuous basis evaluate and enhance the quality of teaching - learning, research and extension activities of the institution, leading to improvements in all processes, enabling the institution to attain excellence.

VIT- Quality Week

Ensuring quality in higher educational institution is a bottom-up approach wherein every stake holder should be conscious of their role in contributing towards quality in the teaching-learning process, research, innovation, extension and governance. Organisational excellence is achieved only through quality individuals who can always be relied upon to do every activity in a right manner and consistently dedicate their full potential. With this in mind, VIT-IQAC in collaboration with all the academic and administrative units of VIT, strives to promote and ensure quality culture among all the stakeholders of the institute by organizing the fourth edition of 'VIT Quality Week' from 24th to 28th February, 2025. The main objective of the Quality Week celebration is to raise awareness on quality assurance, sustenance, enhancement and enrichment initiatives among the stakeholders and to encourage them to adopt high-quality standards in education and research. It is also an opportunity for the institution to reflect on its quality practices and commit to a continuous quest for excellence, which will usher in credibility to individuals and VIT. **The theme for the Quality week is "QUALITY : From Compliance to Performance"**. Several events and activities focusing on learning and showcasing quality concepts have been planned during the quality week to ensure that the stakeholders of the HEI become quality conscious and be responsible for fostering a quality culture in the institute.
