VIT-Technology Business Incubator

“GenomiPro” - An Industry-Ready Skill

Development Program on Genomics & Data Analysis

Organized by VIT-TBI

“GenomiPro” is a cutting-edge skill development program designed by “VIT - Technology Business Incubator” to prepare students for high-demand careers in genomics, biotechnology, and healthcare. This hands-on training equips participants with the technical expertise and analytical skills needed for industry jobs, research roles, and placement opportunities.

What You’ll Learn

- ✓ PCR & qPCR Techniques – Essential for molecular diagnostics
- ✓ Bioinformatics Tools – Genomic sequence data handling & industry applications
- ✓ Real-World Case Studies – Understanding genomics in biotech, pharma & precision medicine

Why Join?

- ✓ Gain job-ready skills for biotech and healthcare industries
- ✓ Boost your research prospects with hands-on experience
- ✓ Learn industry-standard workflows from experts
