TEACHING LEARNING CENTER OF EXCELLENCE
VIT, VELLORE

ABOUT TLCE

Teaching Learning Centre of Excellence (TLCE) is dedicated towards creating a culture of academic excellence through faculty development activities for all schools and centers at VIT, Vellore.

TLCE collaborate with all the Schools, Centres and Sections of the University and coordinate towards achieving its purpose. The Faculty Induction Programme (FIP) is our flagship event conducted after the induction of every batch to enlighten and groom the new faculty as they join VIT family. The regular faculty development programs are conducted in half day to 5 days formats to cater to different needs of faculty members across domains and disciplines all through the year. The Faculty development programs have been designed to ensure an all-round development and well-being of faculty and staff members which would percolate down to the students. TLCE and programme coordinators network with international resource persons and universities as well as industry experts and invite the eminent resource persons to our university for constant improvement. TLCE take invitations to empower faculty to stay updated with the latest developments in teaching, research and technology and thus create a world class learning environment for the faculty, staff and students. We enthusiastically seek to achieve our Honorable Chancellor's vision of guiding VIT to reach the elite bracket of top 200 Institutions of the world, through empowerment and implementation.

VISION

To enhance the knowledge and skill of educators through innovative pedagogies.

MISSION

1. To enhance the quality of teaching and learning by research and innovation in teaching pedagogy, promoting best practices, and learner-centric approaches.

2. To empower educators with professional development programs, latest emerging niche technological areas and digital tools, that support continuous improvement.

3. To support an inclusive and diverse academic community that nurtures critical thinking, creativity, and lifelong learning aided with national and international collaborations from both industries and academics.
