Topic : “Algebra”

About the Programme

This workshop is designed to provide intensive, exam-oriented training to students preparing for competitive examinations like CSIR-NET and GATE, with a focus on strengthening core algebraic concepts and problem-solving skills. The workshop covers key topics such as matrices, systems of linear equations, vector spaces, linear transformations, and eigenvalues and eigenvectors, combining conceptual explanations with practical problem-solving techniques. Participants will gain a clear understanding of important concepts, learn time-saving strategies, and improve accuracy in solving problems. The program also includes doubt-clearing sessions and discussions. This workshop enabling students to enhance their confidence and readiness for tackling algebra-related questions effectively in competitive exams.

About the VIT

Vellore Institute of Technology (VIT) was established in 1984 as Vellore Engineering College by its founder and Chancellor, Dr. G. Viswanathan. Over the years, it has grown into a globally recognized institution, attracting students from across India and over 60 countries due to its strong academic reputation. Today, VIT operates five campuses in Vellore, Chennai, Amravati, Bhopal, and Bengaluru. The institute has achieved impressive rankings in the National Institutional Ranking Framework (2025), including 21st overall and 16th in engineering.

About the Department

The Department of Mathematics at Vellore Institute of Technology, established in 1984, aims for excellence in academics and research at both national and international levels. With 136 faculty members, the department supports engineering programs while actively engaging in diverse research areas. It offers Ph.D. programs in Mathematics, Statistics, and Data Science, along with M.Sc. and Integrated M.Sc. programs in Mathematics, Data Science, and Business Statistics. Ranked 104th globally and 5th nationally in Mathematics by QS ranking 2026.

Why to Attend this event.

- ✓ Exam-focused problem-solving techniques
