Dr. J. Thangaraja

Director, Automotive Research Centre

Vellore Institute of Technology (VIT)

VIT was established to provide quality higher education on par with international standards. It persistently seeks and adopts innovative methods to improve the quality of higher education consistently. The campus has a cosmopolitan atmosphere with students from all corners of the globe. At VIT, we prioritize student growth, empowering them through the guidance of highly experienced and knowledgeable educators. Our commitment to international standards in teaching and research fuels our pursuit of academic excellence. Notably, our Automotive Research Centre (ARC) leads the way in developing cutting-edge EV powertrains, including battery management systems and communication frameworks for advanced EV.

About the Workshop

Beyond academia, PhD and PG researchers can build thriving careers in industry, government, consulting, and entrepreneurship, taking on roles like data scientist, project manager, or founder. This event helps researchers identify their transferable skills and navigate the transition.

Benefits:

- Diverse career pathways
- Discover roles in industry, government, nonprofits, and science communication
- Understand how academic skills translate to real-world applications
- Entrepreneurship for early-stage researchers
