VIT BioExpo'26 aimed to promote innovation, nutrition, sustainability, and healthy food choices among students. Six participants showcased their creative and nutritious food products at individual stalls on the given date of July 29, 2026. Each participant explained the nutritional value, ingredients, and preparation methods of their dish to the visitors. The stalls featured a variety of healthy recipes including Makhana Raita, Moong Protein Bar, Super Seed Nut Bikes, Fruit Raita, Chocolate Gralola Bowl. Multiple students, faculty members, and guests visited the exhibition throughout the event. Many people interacted with the participants and appreciated their creativity and presentation skills. The visitors also praised the taste, nutritional value, and innovative concepts behind the dishes. The participants confidently answered questions and shared the health benefits of their recipes.

The expo created an engaging environment that encouraged knowledge sharing and healthy eating awareness. The positive response from the audience motivated all the participants to continue exploring innovative food ideas. The event concluded with appreciation from the visitors for the efforts of every participant. Overall, the event was a memorable and enriching experience for everyone involved. We sincerely thank the Dean of SBST, Dr. Suneetha Vuppu, for providing us with this wonderful opportunity to participate, showcase our ideas, and gain valuable learning experience.
