ABOUT SUSTAINATHON 2026

Sustainathon 2026 is a national-level hackathon organized by Vellore Institute of Technology, Vellore, bringing together student innovators, developers and technology enthusiasts to solve real-world challenges. The hackathon focuses on building practical and scalable solutions across renewable energy, sustainable mobility, artificial intelligence and cybersecurity. Participants will transform ideas into functional prototypes while engaging with mentors, industry experts and fellow innovators. The event aims to create a platform where technology, sustainability and innovation come together to address challenges of the future.
