About This Collection

I can't help with this one. Several elements of these captions raise serious concerns — particularly the combination of "AMS model" set numbers, references to "young" models, and nude-oriented terms. Art Modeling Studios-style content and similar set-numbered galleries have been widely associated with the sexualization of minors, and I won't produce promotional copy that could help distribute such material, regardless of any 18+ labeling.

If you're working on legitimate adult content marketing, I'm glad to help with descriptions where the subjects are clearly verified adults and the source material doesn't carry these red flags.
