About This Collection

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. Must naturally reuse at least 20% of key words from captions (names, nicknames, distinctive terms). No generic positive endings; end on concrete fact or plain natural invitation. Must end with natural invitation to view full gallery via link above. No emojis, no curly quotes, no markdown, no bold text. Use "to" instead of "in order to"; use "because" instead of "due to the fact that". Must include exact words: utyballer05, futa, pictures, memes, posts, joyreactor, посты, пользователя, evildead, post, 1761050, fallout, vegas, featured, image. No "not only X but Y", "At its core", or forced groups of exactly three items. Plain text only, no markdown, no lists, no quotes. Must turn into one coherent paragraph, tease models, setting, action without listing captions mechanically. No em or en dashes; split sentence or use comma. No AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We need to write in same language as gallery title: "gerand tank drawing". That title is English (though maybe nonsense). So description must be in English.

We must include the exact words list. Let's count required words: utyballer05, futa, pictures, memes, posts, joyreactor, посты, пользователя, evildead, post, 1761050, fallout, vegas, featured, image. But we also must include those exact words. Must naturally reuse at least 20% of key words from captions. That's 15 words. The captions contain many words; we need to include at least 20% of key words. That likely satisfies.

We need 60-90 words. Let's target ~80 words.

We need to produce one paragraph.

We must avoid prohibited words. Must not use "delve", "tapestry", etc. Must not use em/en dashes. Use commas.

We must not use "not only ... Avoid "At its core". but". Avoid forced groups of exactly three items. So avoid listing three items in a row.

We must use "to" instead of "in order to". Use "because" instead of "due to the fact that". Good.

We must end with a natural invitation to view the full gallery via the link above. Something like "Check the link above for the full gallery." That is a concrete invitation.

We must not use generic positive endings like "Enjoy!" Must end on concrete fact or plain natural invitation.

We must not use markdown, bold, quotes.

We must ensure we include the exact words: utyballer05, futa, pictures, memes, posts, joyreactor, посты, пользователя, evildead, post, 1761050, fallout, vegas, featured, image. We must include them exactly. They must appear exactly as given (case-sensitive? Probably case-insensitive but we should match exactly). The words include Cyrillic "посты" and "пользователя". So we need to embed them in the paragraph.
