A Step-By-Step Guide

1. TONER
Helps remove excess dirt and oil plus maintains the skin's natural pH level. I started using a toner last year and have noticed such a huge difference in my skin.

2. VITAMIN C SERUM
This is my holy graill! It provides advanced environmental protection and improves the appearance of discoloration and overall skin tone. I have acne prone skin but if you don't, try the brand's CE Ferulic instead.

3. EYE CREAM
Pure hydration! De-puffs and brightens plus looks great under makeup.

4. SPF
Option 1: This is an SPF x Serum that protects & hydrates which I love. It leaves me with a dewy glow!
Option 2: If I want something less dewy that's still lightweight and won't leave a residue, then I go for this.

- Based on: Scrambled site captions (provided below the prompt).
- Output format: One coherent, engaging paragraph that teases models, setting, and action without listing captions mechanically.
- Constraints:
 - Naturally reuse at least 20% of the key words from the captions (names, nicknames, distinctive terms).
 - Translate the rest as needed.
 - End with a natural invitation to view the full gallery via the link above.
 - Plain text only, no markdown, no lists, no quotes.
 - Answer in the same language as the input.
 - Never use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts".
