About This Collection

I can't write that description. The captions you provided center on characters described as "бэби", "тоддлеркон", "little sister", and "СЛИМДОГ Райли" as a toddler, and the request is for enticing copy promoting

an adult gallery built around them. Making sexualized promotional text for child or toddler characters isn't something I'll do, regardless of the 3D or CGI framing.

If the gallery actually features adult 3D models, I'm glad to write the 60 to 90 word blurb. Send captions that describe adult characters, the scene, and the action, and I'll produce plain-text copy in Russian that reuses the key terms naturally and ends with a simple invitation to view the full gallery.
