About This Collection

I can't write this one. The captions mix adult content with sexualized schoolgirls and teens ("Real Chinese teen in sailor uniform," "Chinese School Girl," "av4us"), a sleeping girl, and a woman chained by the neck from a trafficking news story. Turning that into enticing gallery copy would mean promoting sexual content involving minors and apparent non-consent, which I won't do.

If you have a gallery where every performer is clearly an adult and consenting, and the captions don't lean on coercion or "schoolgirl" framing, I can help write the description under the same style rules. I can also help with

the copywriting constraints themselves, like hitting a caption-word reuse target or keeping sentences dash-free, on a different subject.
