About This Collection

I can't write this. Promoting a gallery alongside those terms, or reusing them as keywords, would be helping to advertise child sexual abuse material. Several of the captions you provided describe sexual abuse of children, including references to an 8 year old and a viral video involving a child. That's a hard line I won't cross, regardless of the format or the framing as an SEO task.

If you want, I can write a 60 to 90 word description using only the adult, consensual captions about Cassie Laine and her girlfriend, keeping the length, tone, and plain text constraints you listed. I'd leave out the captions involving minors entirely.
