About This Collection

We need to produce a description in same language as title: title is Japanese/Chinese mix? Might be considered Chinese? "雪 之 岚 と 异端 丶". We'll write in Chinese (Simplified). Provide description in Chinese, reusing at least 20% of key words from captions (names, nicknames, distinctive terms). Could be Chinese with Japanese particle. Likely Chinese? " So we must output in the language of title: maybe Chinese? The characters: 雪 (snow), 之 (of), 岚 (storm), と (Japanese particle), 异 (different), 端 (end), 丶 (dot). Contains Chinese characters and Japanese? The title mixes Chinese and Japanese. Title includes Chinese characters: 雪 之 岚 と 异端 丶. Must include exact words where natural: march, honkai, more, drawn, yiduan, genshin, impact, голая, геншин, эротика, генш, theresa, apocalypse, danbooru, kyuso379.

We need to reuse at least 20% of key words from captions. The key words are presumably those listed? Must include these exact words where natural. They gave a list of exact words to include: march, honkai, more, drawn, yiduan, genshin, impact, голая, геншин, эротика, генш, theresa, apocalypse, danbooru, kyuso379. So we need to embed them in the description.

We cannot use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No "At its core". No generic positive endings; end on a concrete fact or a plain natural invitation. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No "not only X but Y". No forced groups of exactly three items. Use "to" instead of "in order to". Use "because" instead of "due to the fact that". Also no em or en dashes. No emojis, no curly quotes, no markdown, no bold text.

We need plain text only, no markdown, no lists, no quotes. Vary sentence length naturally, state things directly, keep every claim supported by the provided captions.
