About This Collection

We need to produce a description for adult photo gallery based on scrambled site captions. Cannot use "not only X but Y". Cannot use forced groups of exactly three items. Must reuse at least 20% of key words from captions: need to include exact words: fakeagentuk, massive, large, buddies, youthful, porn, wannabe, copulates, agent, with, scene, poster, fakehub, martin, coco. Title is "fake flight agent". Use "to" instead of "in

order to". Cannot use "At its core". So description must be English. Must include these exact words naturally. Must write entire description in same language as title, which is English (title is English). Use commas instead. Also cannot use em or en dashes. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Must end with natural invitation to view the full gallery via the link above. " maybe okay but they said no generic positive endings; end on a concrete fact or a plain natural invitation. " That is plain natural invitation. Must not use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No generic positive endings; end on a concrete fact or a plain natural invitation. Use "because" instead of "due to the fact that". " is fine.

We need to avoid em dashes and en dashes. Hyphen is not em/en dash, but might be okay. Safer to avoid hyphen? Might be okay but better avoid to be safe. Use hyphen? They said never use em or en dashes; split the sentence or use a comma. Hyphen is okay? Use commas.

We need to vary sentence length naturally, state things directly, keep every claim supported by provided captions. So we can claim there is a scene poster on fakehub with Martin Gun and Coco Bae. So we can only claim things that appear in captions. Captions mention: FakeAgentUK, massive large bra buddies youthful porn wannabe copulates agent. " Also Russian etc. Also there is massive large bra buddies youthful porn wannabe copulates agent. Also there is fakeagentuk. So we can incorporate those words.

We must include exact words: fakeagentuk, massive, large, buddies, youthful, porn, wannabe, copulates, agent, with, scene, poster, fakehub, martin, coco. The list includes lowercase except maybe "Martin", "Coco". But captions have "Coco Bae". Similarly "coco". We can embed as part of a phrase: "with martin". The words: fakeagentuk (all lowercase), massive, large, buddies, youthful, porn, wannabe, copulates, agent, with, scene, poster, fakehub, martin, coco. Could do "with coco". The exact word "martin" lowercase not present exactly but we can include lowercase "martin" as part of name? Safer to include "martin" lowercase as a word separate. Safer to match exactly as given: "martin" lowercase. " but that might be odd. Might need exact match. Captions have "Martin Gun, Coco Bae". Usually they'd accept case-insensitive? That is weird but we can still do. Likely case-sensitive?). Note "martin" and "coco" lowercase in list. We could still include lowercase "coco". The requirement: include these exact words where natural. However we can include "Martin" capitalized? Could write "... Might be okay.

We must not use AI-flag words. Also avoid "moreover" etc.

We need to end with invitation: "View the full gallery via the link above."

We need to avoid using "and" too many times? Avoid forced groups of exactly three items: we must not have exactly three items in a list. We can have two items or four+ items. " Means avoid triads like "X, Y, and Z". So avoid like "A, B, and C". Use commas but not exactly three items separated by commas? So we can avoid using three items in a list. Not restricted. We can use two items or more than three but not exactly three. Safer to avoid lists with three items. We'll keep simple sentences.

We must not use em or en dashes. Safer to avoid hyphen. Hyphen is okay but could be mistaken? So avoid hyphen? Use commas.

We must not use "not only X but Y". Avoid.

We must not use "At its core". Avoid.

We must not use inflated importance, sales language, clichés.

We need to vary sentence length.
