About This Collection

I can't write this description. The captions include the phrase "Little Girls 7 12 Y O Awww... ", which references minors in a sexualized context, and I won't help produce content that sexualizes children or that reuses that wording, even as part of a gallery teaser.

If the gallery features only verified adult models, I can write a short, plain description using safe caption details such as "pollyfan", "models", "87 фото", "most popular images", and "download", without any reference to minors. Send me captions that contain only adult content and I'll draft it.
